## Assessment of Impact

As with all government funding, school leaders and governors must be able to account for how the money is being used. Therefore, the impact and spending strategy for this catch-up premium will be reviewed at every Trust Education Committee (TEC) meeting throughout the 2020-2021 academic year. When Ofsted re-commence routine inspections, they will make judgements about the quality of education being provided which will include how we are using the funding to ensure the curriculum has a positive impact on all pupils.
