

HT	REVIEW AND EMBED / CONSOLIDATE	RESEARCH AND EXPLORE / REACTIVE	READ AND ENJOY / PROACTIVE
1	Homework Booklet – one sheet per week designed to consolidate and embed key skills required in Maths. Students will be issued with a new homework booklet once per term. Class teachers will set the deadlines.	Try more practise with mymaths! This will support your learning in class and provide more practice for the key ideas. www.mymaths.co.uk Login: beckfoot Password: ratio	Why not try Frustration on: https://www.transum.org/Software/Puzzles/
2	Some topics have been taught recently and some topics in previous years. The aim is for students to improve their scores each week and become better practised at key skills. This will improve success and knowledge in Maths.	Try consolidation with the KS4 workbook and revision guide available from SFO.	Have you read? <ul style="list-style-type: none">Can you solve my problems? By Alex BellosThe secret Life of Bletchley Park by Sinclair McKay
