

1. Questions about Truth			3. Questions about Emotions			Key word	Definition
1	Ultimate question?	Does God exist? What is happiness? Who am I?	1	What is happiness?	Some link it to wealth, success and peacefulness, but this is wrong. Happiness is a way not a destination	Agnostic	Arguing that we can never know whether God exists or not
2	Atheist argument?	Evolution disproves creation and religion is violent	2	What is forgiveness?	A decision to no longer hold resentment. It benefits the victim and the perpetrator	Atheism	Not believing in God
3	True and different?	If religions teach different things that all represent truth, they can coexist	3	Gee Walker	Forgave her son's killers because of her religion.	Conscience	The ability to make decisions between right and wrong
4	Mountaineers?	They all follow different paths but have the same end goal – like religion and truth	4	Utilitarianism	We should do the greatest good for the most amount of people	Ethics	The study of good and evil; how best to make moral decisions
5	Elephants?	Each person describes a correct but different truth about one elephant, like religion and truth,	5	Trolley problem?	You should sacrifice one to save the lives of five. It is better than doing nothing.	Forgiveness	to actively decide not to hold resentment against someone who has wronged you
2. Questions about Identity			4. Questions about Religion			Identity	What makes a person who they are
1	Unique to humans?	Some argue humans have morals and reason	1	Role of Angels?	Their role is to communicate these messages to prophets	Immortality	The ability to live forever and never die
2	Shared with animals?	Emotion, thoughts, dreams, problem solving	2	Who is Satan?	Believed to be a fallen angel who disobeyed God. Muslims believe Satan is a jinn	Jinn	Not angels, but spirits who have free will, like humans do
3	Problems?	Am I the same through time and change?	3	Example of Miracles	Lourdes is a Christian place of pilgrimage where people claim to have been healed	Miracle	An extraordinary event that breaks to laws of nature, usually attributed to God
4	Phineas Gage?	Brain damage changed his personality. Was he the same person?	4	William James' miracles?	Miracles must be passive, ineffable, noetic & transient	Philosophy	The study of knowledge, reality and existence
5	Descartes	We are a thinking thing. That is all we know for certain.				Pluralism	Believing that all people, regardless of religion, will go to Heaven
 <p>Science has explored the concept of identity and soul. Materialism argues that reality is all matter, but this ignores everything mental and spiritual? If you were born in a different time, with a different family and in a different country, would you have a different religion?</p>						Soul	The spiritual or emotional centre of a person
						Theist	Belief in God
						Utilitarianism	The ethical principle which states the greatest good is for the greatest number.
