Let's get musical!

Should I learn an instrument?

YES! If you already play, carry on! If you don't, learn something new!

Why should I do it?

There are so many reasons. It's great fun, and that is important! Learning an instrument is proven to help long term memory, develops connections between both sides of the brain, helps you learn to multitask, helps develop reading skills and can improve your mental health.

What else?

If that isn't enough, music also has a great social benefit. At Beckfoot we have a big music department, meaning you will get to make friends with lots of people. You can join musical groups and share in your enjoyment of music, while developing lifelong friendships and developing team working skills.

Do we get to perform?

We do lots of performances throughout the year. These might be in front of your teacher or your friend to start with. When you join groups you will get to perform in front of big audiences in concerts...this is very exciting!

What can we learn?

We offer lessons on lots of different instruments, including:

Woodwind – Flute, Saxophone, Clarinet.

Brass – Trumpet, Cornet, French Horn, Tenor Horn, Euphonium, Trombone, Tuba.
