

Catering at Beckfoot

The award winning catering team at Beckfoot School look forward to serving you

What's Happening?

We inform you about what's on offer within dining areas in various ways. Information on menus and allergens is available on the school meals section of the website. Details of products, promotions and menus can also be found on our digital screens in the atrium.

There are lots of promotions and offers available. Healthy Rewards for example, encourages healthier meal selections by giving points for the items you buy. The healthier the item, the more points you receive, and there are great prizes awarded each term to the students with the most points.

How to Pay

At each of the food service points you can pay for items individually, or you can take advantage of the great value meal deals. The standard price for these tasty and nutritious meal packages will be £2.45, and for this you will typically get a main course item with sides and a dessert. At Beckfoot all payments for food or drink are made via cashless card. Money can be added to the card by putting cash into the reval machines in school. You can also use an online payment system called ParentPay. Parents who don't have a credit/debit card can also use ParentPay; please request a PayPoint card by phoning 01274 771444 which you can top up at shops and petrol stations.

For students entitled to free school meals, your daily allowance is credited to your card automatically each day. You can also top this up with additional money. What's more, cards credited with free school meals look just the same as any other card.

Eat When You Want To

Many students like to take part in sporting or other activities at lunchtime. Our Grab & Go service is ideal for those who want a packed lunch style meal that they can simply collect and take away to eat at their leisure. Plus, our vending service allows you to buy freshly prepared sandwiches, fresh fruit, cold desserts, hot and cold drinks.

MUNCH BEFORE LUNCH?

We start our breakfast service at 8am, with a choice of cereals, toast with hot snacks, fresh fruit, yoghurt, fruit juices, tea and hot chocolate. We also provide a mid morning break service. The food includes a selection of sandwiches, hot snacks and drinks .

Lunchtime Options

We offer various food types at different service areas. Our popular Pasta, Rice and Noodle service provides these dishes with tempting toppings, side orders, drinks and hot or cold desserts. We sell jacket potatoes with a range of fillings and fresh side salad. Also now available on our Yumi and Zingy Bar, champ , ranch, piri-piri or bbq chicken burgers and nachos with a salsa topping or spicy potatoes. There are also hot savoury items such as pizza, and main meals with a meat, vegetarian and halal meat choice, and a hot pudding available daily.

Health Conscious

We have lots of options across the various service points for those who are particularly health conscious. A good place to visit for a healthier lunch is our Deli Bar, that offers tasty pasta pots and pre-packed salad pots with a choice of toppings, soups, cold desserts and a selection of drinks. For a made to order sandwich, visit our Subway Bar, where you can choose from freshly made bespoke sandwiches on 50/50 sub rolls or freshly made pre-packed sandwiches. Fresh fruit, pre-packed fruit pots and drinks are also available here.

Menu Information

Our menu is in line with School Food standards and we have also been awarded the Soil Association's Bronze Award. All meat, poultry, fresh vegetable and potatoes used are locally sourced. All our fish, vegetarian and cheese dishes are suitable for Muslims. All our dessert items are suitable for vegetarians and Muslims. Our Halal meals are provided for Muslims and are 100% authentic with an approved and fully audited supply chain. They are produced by Muslim chefs at our Laisterdyke production unit. We do not use any preservatives, colouring or additives that are unsuitable for children. Students requiring vegan choices should speak to the kitchen staff. There are no nuts or Genetically Modified (GM) foods on offer.
