Adventure ~ Crafts
Food ~ Climbing
History ~ Fashion

SOMETHING FOR EVERYONE!

October 2021

Dear Parents, Carers and Students,

Enrichment Week: 18-21 July 2022

What is Enrichment Week? During Enrichment Week, normal timetabled lessons will be suspended. Instead, a variety of activities and trips will be organised by members of staff. These activities will develop cross-curricular themes and dimensions and give students an opportunity to enjoy a wealth of experiences beyond their normal curriculum. These activities will also be fun and help promote the values of the Beckfoot learner.

Activities and Trips on Offer: There are a wide choice of activities to choose from and there is something for everybody. The activities and trips are outlined in this booklet. Students should look through this booklet carefully with their parent/carer and decide on their choices together. If you do not choose anything then your child will be allocated to an activity based on availability. To avoid disappointment, it is important to meet the deadline below.

Choosing your activity: When students have decided which activity they would most like to take part in, they should fill in the their choices on the school website at <https://forms.office.com/r/65LNkkCA1w>. Please make **three different choices**, the second and third choice being a reserve in case their first choice is already full or does not run due to limited uptake. Then complete the form on the school website no later than **Friday 12 November 2021**. The sooner the form is returned, the easier it will be for us to start planning and paying deposits for the trips. Any replies completed after this deadline may result in the student **not getting** their chosen activity. Please **do not send any money at this stage**. All payments must be made via Parentpay.

Confirmation of Trip Place and Payments: Once your child has been allocated a place (either on a residential or a non -residential), contact will be made via text message with parents confirming which trip they are on and this will then appear on your **Parentpay account** (see school website). All payment schedules will appear in your account. If you have any issues with this, then please contact Megan Harvey at Becktrips@beckfoot.org.

Importance of Good Behaviour: All allocations are subject to continued good Attitude to Learning throughout the remainder of the school year and students may lose their place, and any monies paid, if the school feels their safety and the safety of others may be compromised on the trip.

Yours faithfully,

Simon Wade	Headteacher
Darren Cooley	Deputy Headteacher/ Educational Visits Coordinator
Megan Harvey	Enrichment week Coordinator

	<p>Do you want to develop your engineering skills and take part in fun projects and competitions?</p> <p>During the week you will get the opportunity to complete fun tasks like making your own robot, building a bridge from spaghetti and you will also take part in a Murder Mystery activity where we will learn how to extract DNA.</p>	

NON-RESIDENTIALS: Trips where you will return home after the normal school day

EW04	Coat Pegs to Lockers
Approximate Cost	£15
Curriculum Link	PE, Art and Technology
	<p>This project allows you to inspire and lead a group of Year 5 pupils in competing in a design project to make a mobile phone holder. Primary school students will also be taking part in a mini Bake Off. Your role will be supporting Year 5 students as they develop their baking and design skills, as well as taking part in those projects yourself.</p> <p>It is a fantastic opportunity to be creative and collaborate with Year 5 students, and involves a great deal of fun.</p>
EW05	Animation
Approximate Cost	£15
Curriculum Link	Technology, IT, Maths, Drama and Art
	<p>Would you like to find out more about how plasticine is made to come to life? Come and have a go at making your own stop-frame animation short films. Over the week we will be learning the basic techniques of making an animated film – plot development, storyboarding, set building, filming, soundtrack recording and editing as well as getting out and about on a visit to the Media Museum!</p>
EW06	LEGO
Approximate Cost	£20
Curriculum Link	Maths, Science, Art and Technology
	<p>Join us for some Lego building fun! The week will involve lots of creative modelling and a series of competitions with fantastic prizes for the most inventive and inspired ideas. Let your creativity run wild and remember you are only limited by your own imagination!</p> <p>No experience is needed, total beginners to Lego experts all welcome!</p>

NON-RESIDENTIALS: Trips where you will return home after the normal school day

<h1>EW07</h1>	<h1>Comics and Gaming</h1>
<p>Approximate Cost</p>	<p>£20</p>
<p>Curriculum Link</p> 	<p>Art, Graphics, Technology and Media</p> <p>Join us for some Arts & Crafts inspired by comics and video games! Ideal for anyone who loves Marvel and DC and gaming. This is your chance to work with other like-minded students to create your very own digital low poly illustration, cube craft figurine and 3D logo insignia. There will also be the chance to visit the Games Lounge at the Science and Media Museum to follow the development of videogaming through the decades and then play some of the games that made history! To top it all off, there will be a fun filled trip to the local cinema to watch the latest Marvel or DC film on the big screen.</p>
<h1>EW08</h1>	<h1>Great Beckfoot Bake Off</h1>
<p>Approximate Cost</p>	<p>£20</p>
<p>Curriculum Link</p>	<p>Food Technology and Science</p>
	<p>Interested in being the next big thing in the baking world? Then this activity for you! Throughout the week we will be learning how to design, bake and decorate cakes and there will be a Great Beckfoot Bake Off competition too! Even if you have never baked before, this week will be great fun and you'll learn lots of new skills too!</p>
<h1>EW09</h1>	<h1>Codes and Comms</h1>
<p>Approximate Cost</p>	<p>£20</p>
<p>Curriculum Link</p>	<p>History, Computer Science, Maths and Media</p>
	<p>Can you keep a secret?</p> <p>Explore codes and ciphers through history – send and decode secret messages. We will learn about the operation of the Codebreakers of World War 2 at Bletchley Park, and how Enigma worked and was ‘cracked.’</p> <p>Explore how Morse code and the use of radio communications have played their part in recent history. You will use your practical DT skills to make your own radio receiver.</p> <p>A visit to Bradford’s Science and Media Museum will show us more.</p>

NON-RESIDENTIALS: Trips where you will return home after the normal school day

EW10	Beautiful Science
Approximate Cost	£25
Curriculum Link	Food Technology, PE and Science

Commitment to a trip and non refundable deposits

Once students, parents/carers choose their activities they are **committing** to that activity. The school will have already made financial commitments/deposit, in order to secure the bookings for accommodation, transport, insurance and activities—as with any other trip booking.

The **safety of our students is paramount** on all trips, and unless we are advised not to travel by the Home and Foreign Office, then the trip will still go ahead. As a result **deposits are non refundable** regardless of changing personal circumstances or events in the news (including terror attacks.) It is crucially important therefore that parents think carefully before committing to an activity, especially residential trips.

Range of activities and costings

We have made every effort to ensure that students have a wide range of activities to choose from, that all curriculum areas are covered and that all budgets are catered for. These costs cover materials, accommodation, transport and admission fees depending on the activity. I hope all parents/carers will be able to support us in this exciting week, which is a great opportunity to extend our students' experiences beyond the normal curriculum. Payment plans for all trips can be found on the next page.

It is important that parents keep up date with the payment schedule as these coincide with the payments school will be making to travel companies. Missed payments (**unless contact is made with the school**) will be considered as non-commitment to the trip and will result in loss of place and all previous payments made.

Pupil Premium

Please be aware that Pupil Premium funding **will not** be used to subsidise Enrichment Week trips (See the Pupil Premium policy on the school website). Please take into consideration the cost of the trip/activity when making your choice.

Key Dates

- **22 October 2021 (Fri) - Booklets issued**
- **12 November 2021—All responses to be completed**
- **10 December 2021—1st Payment**
- **28 January 2022—2nd payment**
- **25 February 2022 –3rd Payment**
- **31 March 2022—4th Payment**
- **29 April 2022—5th Payment**
- **Thursday 9 June —Residential open evening**
- **18 July (Mon) - 21 July (Thu) 2022 - Enrichment Week**

Payment Schedule for all Trips and Activities

		No. of students	Total cost of trip	1st Deposit to be received by 10 December 2021	2nd payment To be received by 28 January 2022	3rd Payment To be received by 25 February 2022	4th Payment To be received by 31 March 2022	Final Payment To be received by 29 April 2022
