Nighttime studies just got a whole lot easier:

DARK MODE

 A screenshot of the Seneca app interface in dark mode. The top navigation bar shows the Seneca logo and a home icon. The main content area displays a course titled 'Computer Science: OCR GCSE - Hardest Questions'. Below the course title, there is a 'Study' button and an 'Assignments' section. The 'Assignments' section lists several topics, with '1.2.1 Memory Hardest Questions' selected and highlighted in purple. To the right, there is a video player showing a person wearing VR goggles. The video player has a title 'Virtual Memory' and a description: 'Virtual memory allows us to store more data when our RAM is at capacity.' Below the video, there is a list of bullet points explaining virtual memory. At the bottom right, there is a 'Continue' button.

Add your parent's email and they can connect to your account

A white modal window with a close button (X) in the top right corner. At the top center is a large black link icon. Below it is the title 'Invite your parent to Seneca'. Underneath is a paragraph: 'Parent accounts can see your study time, recent activity and the courses you study. Show off your hard work 🏆'. Below that is an 'Email' label and a text input field containing the placeholder text 'Your parent's email'. At the bottom center is a purple 'Send' button. A thin black arrow points from the text on the left to the 'Email' label.

Click into the drop down box next to your name and invite your parents to Seneca too!
